

"What if"  
By Morgan Brown

What would have happened  
If I didn't take the keys  
If I didn't just take one more shot of vodka  
Or the next four

What would have happened  
If I never went to that college party  
If I followed the law  
To not drink and drive

What would have happened  
If my best friend didn't go with me  
If she didn't let me drive  
Could I have protected her

I know what would have happened  
I wouldn't have crashed  
I would still have my beautiful Toyota corolla  
I would still have my freedom

I know what would have happened  
My best friend wouldn't be dead  
I wouldn't be sitting in this prison cell  
I wouldn't have regret

Why did this happen  
Why did I take those keys  
Why did my friend have to die  
Why did I survive  
Why did I make the decision to drink and drive
