*I remember that day.  
It wiped my smile away.*

*You were so young and fun.  
I would have done anything for you to stay.*

*The words hit like waves:  
Car accident. Cousin. Death.  
Bouncing off the walls, filling the room  
with warning.*

*Soon, new words:  
Night out. Alcohol. Speeding.  
Gone wrong*

*The one word that rushed and crushed though everyone's soul:*

*Passenger.  
Now the room was filled with:  
Fury. Hatred. Sorrow.*

*You loved everyone.  
We love you.*

*I will always remember, as you said:*

***Never Settle For Less Than Smiles All Around.***
